Dear Dr. Silver:

It seems as though the only time I take the trouble to write to you is when I am looking for a favor.

In spite of appearances this is definitely not the case, although I am hoping that you will help me by completing the enclosed confidential report for a John Hay Fellowship.

I hope that when you come up this way again that you and Mrs. Silver will be able to visit with us here at "Salamander Acres."

Was the recent election as gratifying to you as it was to me? The local genrty here are diehard Republicans. They refuse to believe the election and talk darkly of arming themselves and going underground to stem the imminent invasion of the Vatican's paratroop divisions.

The recent crushing of Tennessee by Ole Miss also (as Churchill said) "warmed the cockles of my heart." I suppose the UP and the AP will grudgingly move the team from number four to number three on the list of the top ten teams.

It was most pleasant seeing you this last year in Cambridge. Please say hello for me to Dr. George Carbone.

Very truly yours,

Arthur
